PRE Kindergarten

We believe amazing things happen at an early age. Our Pre School program is designed for children as early as 18 months through 4 years old. In our Pre School program, learning is developmentally appropriate, play-based, and centered on building a strong foundation for academic, social, and emotional growth. Our classroom is a place where curiosity is sparked, confidence is nurtured, and every child is known and loved. Through hands-on activities, songs, stories, and creative play, our students explore the world around them while building the skills they need to thrive.

We focus on creating a caring, structured environment where children feel safe to try new things, make friends, and discover the joy of learning.

At Riverside Academy, our Pre School students don't just prepare for kindergarten, they begin a lifelong love of learning.
